### Thank you for dining at Muss & Turner's.

We know you have many options to choose from and appreciate that you chose us.

As many of you may have noticed, the cost of dining out has risen greatly post pandemic. We wanted to take a moment to provide some insight on why costs have risen, what that looks like for our company and how our prices reflect this.

Our menu prices reflect our unwavering commitment to:

#### Our team members

We have an internal minimum wage that we feel is competitive and ensures those who choose to work with us are fairly compensated. We also provide health insurance to our staff, as well as company paid short and long term disability coverage, life insurance, a matching 401k plan and paid time off. Our team members are our greatest resource and asset and we strive to treat them as such.

#### Serve delicious food + beverage made with high quality ingredients

Plain and simple. We'll never cut corners or use subpar products. That would compromise what we have built over the last 18 years and it's simply not in our DNA. Raw material prices have escalated tremendously. For some actual examples, please visit [unsukay.com/pricing](http://unsukay.com/pricing).

Our commitment above is reflected in our pricing. We always strive to live up to our promise of gracious hospitality, high quality food & drink, and a clean, comfortable atmosphere. If any part of this "three legged stool" doesn't live up to your expectations (or if you have some good news to share), please let us know right away or by emailing [feedback@unsukay.com](mailto:feedback@unsukay.com).
